eSafety Support Objectives

- ❑ Stimulate and monitor the activities, progress and results generated by the eSafety initiative through support to the eSafety Forum and its Working Groups
 - ❑ Strengthening the eSafety cooperation & support the dialogue between all eSafety stakeholders
 - ❑ Promoting the benefits to the end users through targeted activities.
 - ❑ Monitor and promote the implementation of the eSafety recommendations.
 - ❑ Dissemination of results through the website and through other dissemination material, and participation in relevant external eSafety events.
 - ❑ Support the implementation process for a European eCall system by promoting the eCall toolbox.
 - ❑ Support the development of the implementation Road Map for all eSafety systems by using the previous work as foundation.
 - ❑ Organise eSafety meetings (Workshops, Observers, Plenary, HL, and SG meetings), and provide administrative support to the eSafety Forum.
 - ❑ Launch minor studies on topics identified and endorsed by the eSafety Forum.
 - ❑ Support the i2010 initiative in particular the activities dealing with user outreach and deployment of smarter, safer and cleaner vehicles in the future.
