

eSafety Deployment Work

Break-out sessions: Introduction
Risto Kulmala

Purpose

- answer the question: "What can we learn from each other in order to speed up the deployment" utilising
 - » the presentations made earlier today
 - » the expertise and experiences of the participants
- prepare a summary of the answers to the plenary

Break-Out Sessions

- Technological synergies, scales of economy
 - Edwin Liebemann, Bosch
- Policy issues (PPP, pre-commercial public procurement, legislation, incentives, lead markets, ...)
 - Fritz Bolte, BASt
- Field Operational Tests to close the gap from R&D to deployment
 - Vincent Blervaque, ERTICO

Location and names of participants in separate sheets distributed to all

Return to plenary **well before 16:10!**
