

[Joint eSecurity WG - Article 29 WG 2nd meeting

Antonio Kung
Notes

[Participants

- Laurent Beslay, EDPS
- Isabelle Chatelier, EDPS
- Jan Holle, U.Siegen
- Barbara Raither, Trialog
- Martin Kost, Humboldt U.
- Nol Venema, Technolution
- Yiango Yiangoullis, KUL
- Christophe Geuens, KUL
- Stefaan Motte, NXP
- Michael Peeters, NXP
- Caspar Bowden, Microsoft
- Clemence Scottez, CNIL
- Josep Balasch, KUL
- Wolfgang Hoefs, EC
- Emilio Davila, EC
- Carmela Troncoso, KUL
- Tom Gasser, Bast
- Marcel Vierkoetter, Bast
- Vassilis Zorkadis, Greek DPE
- Endre SZABÓ, Hungary DPE
- Karsten Neumann, German DPE
- Antonio Kung, Trialog
- Fulvio Sansone, Mediamuse A.
- Luís Osório, ISEL
- Jürgen Hörmann, ERPC
- Brigitte Lonc, Renault
- Joachim Scholten, BMW
- Gzim Okagoglou EC DG TREN
- By telephone
 - Judith Jones, ICO

Presentation on Privacy by design

Comments

- Will there be a standard for privacy by design?

eSecurity and PRECIOSA will work on an ITS use case to describe associated privacy guidelines, from a technical point of view.

This use case could be reviewed by ICO

[Presentation on BAT

- See Paper and S.Roudier presentation
- Process includes a decision process with a level of binding
 - a BAT is a facilitator
- Opinion
 - Suited to Privacy in ITS
 - But problem of interoperability with legacy systems in the future
 - Measuring privacy? Vs measuring emission level
 - On data minimisation
 - » still better to leave data in the box (does not create other requests)

[Other presentations

- PRECIOSA approach to privacy preservation
- Safespot presentation (version sent by K.van Wees)
- Traffic light mgt
 - Terms on anonymisation, reidentification, ...
 - » Caspar will send information
 - Remarks on BAT and a process inspired from common criteria
- Pay per use / Road Charging
 - Apply guideline?
 - Difficult to identify data controller and data subject?
 - Are Anonymity waypoint or commitments a PET?
 - Boxes need to be certified

[Other presentations

- Hotel management
 - Data minimisation as a design principle
 - Design process
 - Impacts on deployment?

[The way to proceed

■ Work

- Apply guidelines to use case
- Status of standardisation issues?

■ eSecurity Report

- Agreement to go for privacy by design process and a roadmap (BAT) process
- Examples of the 4 use cases?
- Sketch of guidelines

■ Possibility to make a presentation to technology subgroup of article 29 and ask for an opinion

■ Current article 29 WG meetings

- Tue-Wed 16-17 feb 2010
- Tue-Wed 27-28 apr 2010 - **Monday 26 April ?**
- Tue-Wed 29-30 jun 2010
- Tue-Wed 05-06 oct 2010
- Tue-Wed 07-08 dec 2010

[Thanks
