

??? Which is the correct political way to do?
Uwe Daniel take this issue to the eSafety Forum Steering Committee Board Agenda
06.04 : 31.05
R: Uwe Daniel

2nd Way possible: "Floor talk" with members

**eSafety Forum
WG Communication
06.04.2006
Munich**

eSafety Forum http://www.escope.info/en/news/workshop_on_spectrum_requirements_for_road_safety.htm
Link for Spectrum Workshop

Put the MindMap on the Webpage
06.04 : 28.04
R: Uwe Daniel

Define the next steps!
Textversion of the Mindmaps and put the result in the eSafety WG Com work document!
06.04 : 28.04
R: Kompfner/Mietzner
use the diagram & table from C2C & Safespot
06.04 : 28.04
R: Kompfner/Mietzner

ToDo's

- send out the C2C CC DAIDALOS Application document to the members of the eSafety Forum WG COM for information
06.04 : 10.04
R: Mietzner
- 1 --> Merge the different application list
06.04 : 28.04
R: Ludwig/Daniel
- 2 --> prioritise the list of related application for common understanding
06.04 : 26.05
R: tbd
- 3 --> define the bandwidth requirements for each V2X application
06.04 : 26.05
R: tbd

- CALM
R: Bob Williams
- Safespot
R: Brakemeier
- C2C CC Daidalos
R: Mietzner
- eSafety Forum
- CVIS
R: Kompfner
